PREMIUM LIGHTING PACKAGES
FOR FINAL MILE DELIVERY FLEETS

**Truck-Lite[®]**

A Clarience Technologies Company

A **Clariance Technologies** Company

With consumer demand at all-time highs, delivering on time has never been more important. Truck-Lite's premium lighting packages offers rugged and reliable lighting so you can maximize uptime and operate confidently.

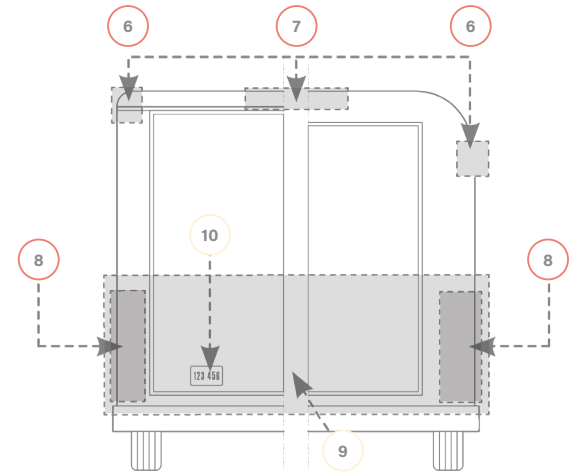

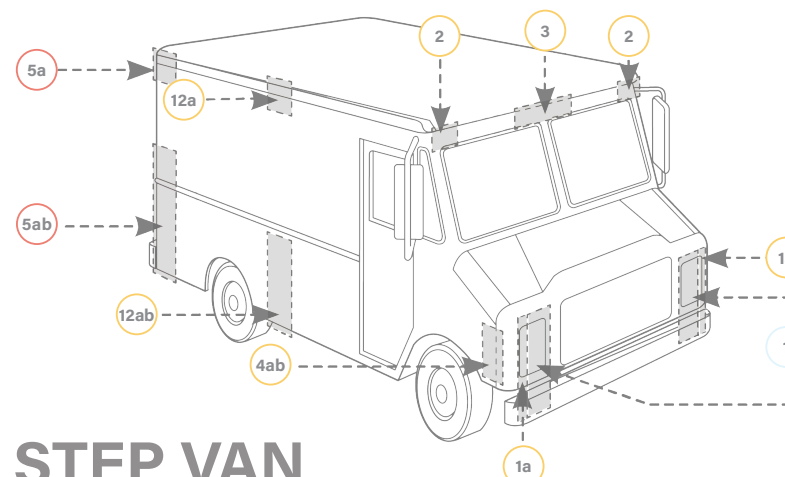

As eCommerce continues to increase, so does last mile delivery. Final mile fleets must continue to meet customer demands for transparent package status, faster fulfillment, and on-time delivery, making fuel efficiency and reducing downtime the most important factors for continued success, especially as electrification disrupts the transportation industry as we know it.

Truck-Lite leads with an understanding of industry challenges affecting our customers' businesses, backed by a technology-focused infrastructure with global reach to provide superior value to customers
