

LED Auxiliary Spot Lamps

7" Round 12v

FEATURES & BENEFITS

- Generates a long, narrow light pattern, illuminating objects in the distance
- Popular for use as auxiliary lighting in off-road, utility, construction applications and more
- Provides a robust, LED, solid-state solution to applications in need for additional lighting, resistant to damage from shock and vibration
- Offers a unique appearance, especially when installed with Truck-Lite's LED Headlamps
- Two mounting options: one with an integrated mount and one designed for use with a secondary mounting bracket
- Provides a brighter, crisper and whiter light output closer to the color temperature of daylight, dramatically improving light projection distance and overall visibility
- Hard wired design and fully encapsulated electronics protect from damage caused by corrosive element
- Corrosion resistant e-coated, polished black aluminum housing provides stylish appearance while dissipating heat efficiently
- Voltage spike protected to 600v
- Impact resistant, non-yellowing, polycarbonate lens protects against damage caused by debris and other hazards
- Weatherproof, open-backed cover features reflective Truck-Lite logo
- 81701 lamps require use of a 00872 or 00874 heavy-duty steel bracket, available separately
- Some states in the U.S. require the use of a cover on any non-legal forward lighting products (such as the 00876 lamp cover) once installed onto a vehicle. Please consult with your state regulations prior to use.

SPOT LAMP PATTERN

These items are subject to U.S. export control laws. Export of such items may require prior authorization from the U.S. Government, including the U.S. Commerce Department's Bureau of Industry & Security or the State Department's Directorate of Defense Trade Controls. Unauthorized export, reexport, or diversion contrary to U.S. law is prohibited.

TECHNICAL SPECIFICATIONS

Material:

- Hard Coated Polycarbonate Lens w/ metalized reflector
- Aluminum Housing with e-coated glossy finish
- Blunt Cut 18 Gauge Wire

Light Source:

- 10 Light Emitting Diodes (LEDs)
- 4.5 Amps @ 12v
- 1,500 Lumens output

Additional Specifications:

- Complies with military specifications for EMI
- Operating Temperature Range: -50C to 70C
- Overvoltage protected, withstands voltage spikes to 600v

Recommended Accessories:

- 00872 Short, Black eCoated Steel Lamp Bracket
- 00874 Long, Black eCoated Steel Lamp Bracket
- 00876 Denim Open-Backed Cover
